KICKED BY A MULE.

John Corby, of Simpson, while at work yesterday morning in the North-west mine, received injuries that may incapacitate him for many days. He was engaged as a driver, and yesterday morning the mule became vicious and kicked him several times on the side. Extensive external bruises were inflicted and possibly internal injuries. In endeavoring to loose the vicious animal from the trip his fingers became tangled in the stretcher and one of them was severely lacerated from his hand. The member was so severely lacerated that it was feared amputation would be necessary. Dr. Kelly, who was summoned by telephone, thought it possible to save the finger by treatment and is endeavoring to do so.

The Conquering Power of Aggression In Every Realm of Life.

America, the mighty conqueror, stands before the world today a grand imperial power! The petty sneers of continental nations are silenced by the far-reaching echoes of our guns. Those shallow critics who imagined because these United States were the home of many peoples, that we were composed of jarring, inharmonious elements, have suddenly learned that we are one indivisible nation, united in its purpose and its destiny.

ON CONSUMPTION. It cures severe lingering coughs, throat and bronchial affections, and bleeding from the lungs.

BE NOT DECEIVED. If you are convinced that Dr. Pierce's Golden Medical Discovery is what you need, do not allow any designing dealer to palm off a substitute on you under the specious plea that it is just as good. If he has no respect for your judgment show him that you have. Any dealer can obtain this great standard remedy for you if you insist upon it. It affords him a fair profit. It is his business to supply what you ask for, and not to urge some substitute on you for the sake of making a larger profit. Your health is of vastly more consequence than his profit. Let any substituting dealer understand that.

THE BIBLE OF THE BODY.

Dr. Pierce's book has been read wherever the English language is spoken. His great thousand-page illustrated volume, the People's Common Sense Medical Adviser, has had a greater sale than any other medical work ever published. It has been not inaptly referred to as "The Bible of the Body," for it is to the body what the Sacred Scriptures are to the soul—revealing light and truth. The profit from the first edition of 500,000 copies at \$1.50 each, warranted him in issuing a free edition in paper covers. One copy only to any one family will be sent without charge except the bare cost of mailing, 21 one-cent stamps, or 31 stamps for a heavier, handsome, cloth-bound edition. Address Dr. Pierce as above.
